Purple Prince

SOUTH PACIFIC SEEDS
SINCE 1986

Crop
Asian Herb

Market Segment
Babyleaf - Mustard

Hybrid
No

Features
- Deep red-purple mizuna with green underside
- Bright green stem and red veins
- Glossy, serrated, thick 3D leaf
- Excellent uniformity and shelf life
- Strong vigour and good yield
- Bolting tolerance
- Year-round production

Description

PURPLE PRINCE is a deep red-purple, glossy mizuna with a green underside, bright green stem and red veins. It is high yielding due to its thick leaf and has strong vigour, a fine leaf attachment and excellent 3D shape for mixed leaf bags. PURPLE PRINCE offers excellent uniformity and shelf life, light serration to the leaf and good bolting tolerance for year-round production.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
