

Caviar

Specifications

Crop

Eggplant

Market Segment

Greenhouse - Large Oval

Hybrid

Yes

Features

- Large teardrop shape
- Glossy dark black fruit
- Average fruit size 18 x 9 cm
- Good firmness and texture
- High yield potential
- Versatility in range of conditions

Specifications

Description:

CAVIAR is a high yielding teardrop type for indoor production. The uniform fruit are of excellent quality with an attractive dark glossy black colour and a smooth bright green spineless calyx, with good colour maintained throughout the production cycle. The plant has a strong semi-open habit with good cover and medium internode length. CAVIAR has shown its flexibility with excellent set and yield potential under a range of conditions.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
