

Maduro

ENZA ZADEN

Specifications

Crop

Capsicum

Market Segment

High-tech Blocky Red

Disease Resistance

High Resistance: Tm:0-2

Hybrid

Yes

Features

- Mid maturing 3-4 lobed blocky red
- 85-95mm; 180-190g weight
- Firm glossy uniform fruit
- Generative plant type with good vigour
- Suit heated and non-heated systems

Description:

A high quality blocky red variety, MADURO will maintain fruit size throughout the season providing consistency of yields. MADURO has a compact sturdy plant with an open habit which is labour friendly, and has shown excellent endurance which is most important in long term cropping. MADURO recuperates quickly following periods of high fruit loading and is strong against Blossom End Rot and internal fruit rot. The fruit of MADURO are very firm with good shelf life and a glossy red colour.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
