Capsicum

Market Segment

Field Blocky Yellow

Disease Resistance

Intermediate Resistance: Xcv:1-3

Hybrid

Yes

Features

- Attractive square blocky 4 lobed fruit
- Smooth thick walls
- Excellent firmness, weight and shelf life
- High yield potential with continuous setting ability

Description:

SUNNY is a medium sized square blocky yellow capsicum for field production. SUNNY produces attractive yellow fruit approx 10x9cm with 4 lobed shape and smooth texture, very firm thick walls, excellent shelf life and good weight for size. The medium plant offers good fruit cover and has high yield potential with continuous setting ability.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
