Yes

Features

- Good colour and shape
- Straight sides
- Very high yield potential
- Good tolerance to greening

Specifications

Description:

VISTA is a well adapted yellow zucchini with a dense but upright habit. The uniform blocky cylindrical fruit have straight sides with good tolerance to bending and bulging. The fruit have an attractive appearance with a uniform yellow colour and bright green stem end. VISTA is a prolific yielder with good tolerance to greening at the stem or blossom end.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
