Specifications

Description:

PURPLE BASIL is a slow-bolting, dark red basil with dark purple-red foliage right from the start of growth. PURPLE BASIL is also suitable for microveg production. With a medium pointed leaf, PURPLE BASIL is very quick growing and has an excellent aroma and flavour. Suited to summer production.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
