

Acadia

SOUTH PACIFIC SEEDS
SINCE 1986

Crop

Spinach

Market Segment

Babyleaf

Hybrid

Yes

Disease Resistance

High Resistance: Pe:1-13,15,16 (14 IR)

Features

- Moderate savoy babyleaf
- Dark green glossy, oval-shaped leaf
- Excellent uniformity
- Slow maturing summer type

Description

ACADIA is a babyleaf spinach with a dark green, glossy and moderate savoy leaf. It has an ideal oval leaf shape with a slightly pointed lip. ACADIA has a semi-erect growth habit with excellent uniformity, and is a slow maturing variety suitable for warm weather. It has resistance to Downy Mildew (Pe).

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. **SEPTEMBER 2020.** ACN 002 887 256
