

# Ajihei

## Crop

Squash

## Market Segment

Kabocha

## Hybrid

Yes

## Features

- Export squash variety
- 1.5-2.0kg fruit weight
- Dry type (hoku hoku)
- Suit main season production

## Description

AJIHEI is a Kabocha squash variety for export to Japan and Korea. The moderately vigorous vine is better suited to main season production when the sowing temperatures are slightly warmer. AJIHEI is a premium quality fruit with a dark green skin and highly uniform fruit in regards to size and shape. Sought after in the Japanese market for its very dry texture and nutty flavour, AJIHEI also has a high Brix value.
