

Akido

SOUTH PACIFIC SEEDS
SINCE 1986

Crop

Pak Choy

Market Segment

Green Stem

Hybrid

Yes

Features

- Dark green leaf with a light green stem
- Wide, smooth, oval leaf
- Autumn and winter harvest

Description

AKIDO is a dark green, mid maturing Pak Choy with a medium-thick, light green stem. The leaf of AKIDO is a smooth oval shape, and the medium thick stem extends from a square butt. AKIDO is very uniform, of mid height and is recommended for autumn and winter harvest. AKIDO suits field or hydroponic production.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
