Features

- Vigorous and high yielding
- Slow bolting
- Large, flat, glossy leaf
- Dark green
- Tall, open plant

Description

ALLEGRO is a vigorous, dark green, tall and open coriander plant with a broad, large flat leaf. With a traditional coriander flavour and scent, ALLEGRO is also slow bolting and offers high yield. Harvest 35-40 days after sowing.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
