

Baby Scarlette

SOUTH PACIFIC SEEDS
SINCE 1986

Crop

Beetroot

Market Segment

Babyleaf

Hybrid

No

Features

- Babyleaf beet for year-round production
- Attractive dark green leaf
- Red stem and veins
- Good uniformity and vigour

Description

BABY SCARLETTE is a smooth-leaved beet introduced by SPS for year-round babyleaf use. BABY SCARLETTE features excellent dark green leaf colour with an attractive red stem and veins, which retain good colour and vigour for cool season production.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
