

Bridge

Crop

Broccoli

Market Segment

Fresh Market

Hybrid

Yes

Features

- Suited to cooler climates
- For winter/shoulder season production
- Fine bead
- Heavy tight heads
- Good tolerance to purpling and spring blindness problems

Description

BRIDGE is an excellent variety for winter and spring harvest and features a fine bead with heavy, tight heads. BRIDGE has shown better tolerance to purpling under difficult winter conditions and has also shown good tolerance to blindness during spring.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. SEPTEMBER 2020. ACN 002 887 256
