

Caviar

SOUTH PACIFIC SEEDS
SINCE 1986

Crop

Eggplant

Market Segment

Greenhouse - Large Oval

Hybrid

Yes

Features

- Large teardrop shape
- Glossy dark black fruit
- Average fruit size 18 x 9 cm
- Good firmness and texture
- High yield potential
- Versatility in range of conditions

Description

CAVIAR is a high yielding teardrop type for indoor production. The uniform fruit are of excellent quality with an attractive dark glossy black colour and a smooth bright green spineless calyx, with good colour maintained throughout the production cycle. The plant has a strong semi-open habit with good cover and medium internode length. CAVIAR has shown its flexibility with excellent set and yield potential under a range of conditions.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. SEPTEMBER 2020. ACN 002 887 256
