

Caysan

SOUTH PACIFIC SEEDS
SINCE 1986

Crop

Chilli Hot

Market Segment

Cayenne Red

Hybrid

Yes

Features

- High quality fresh market type
- Excellent shelf life
- Smooth thick walls
- Very high overall yields
- Consistent performer over many years

Description

The market leader for many years, CAYSAN has become one of the most sought-after fresh market chilli varieties due to its consistent high quality, glossy appearance and excellent shelf life. The semi-vigorous plant provides good leaf cover with continuous picks and very high overall yields.

CAYSAN is easy to harvest with moderate heat levels. The smooth thick-walled fruit have a lightly tapered shape and straight sides with excellent firmness at both dark green and mature red stages. Approx. 12-14cm x 1.8-2cm in size.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. **SEPTEMBER 2020.** ACN 002 887 256
