Market Segment

Babyleaf - Tatsoi

Hybrid

No

Features

- Very glossy dark green colour Tatsoi
- Round leaf shape
- Suited for babyleaf
- Thick leaf with good shelf life
- Year-round production

Description

CHOP SUEY is a round-leaved, dark green, very glossy variety similar to Tatsoi. This variety has a thick leaf and is suitable for babyleaf. CHOP SUEY has strong tolerance to Downy Mildew (Hb) in cooler weather and is suitable for use all-year round.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
