

# Diablo

## Crop

Spinach

## Market Segment

Babyleaf

## Hybrid

Yes

## Disease Resistance

High Resistance: Pe:1-11,15 (12,14 IR)

## Features

- Dark green babyleaf variety
- Autumn and late spring harvest
- Mid to late maturing
- Very good uniformity and upright habit
- Thick leaf with light savoy

## Description

DIABLO is a dark green, mid to late maturing spinach best suited to autumn and late spring. The leaf has a light savoy and slight pointed/round shape with good leaf strength and thickness. DIABLO has an upright growth habit with very good uniformity and has some resistance to Downy Mildew (Pe).

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
