

Kiara

SOUTH PACIFIC SEEDS
SINCE 1986

Crop

Chinese Cabbage

Market Segment

Wong Bok

Hybrid

Yes

Features

- Early-mid maturing
- Good uniformity and a short core
- Dark green with yellow internal
- Tipburn tolerance

Description

KIARA is an early to mid maturing, blocky Wongbok Chinese cabbage with good uniformity and a short core. KIARA presents with a dark green external leaf wrap and yellow internals in a dense head with good holding ability. KIARA measures an average of 26x16cm and has shown very good tolerance against tipburn in plantings to date.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
