

Little Dragon

SOUTH PACIFIC SEEDS
SINCE 1986

Crop

Chinese Cabbage

Market Segment

Mini

Hybrid

Yes

Features

- Early maturing mini type
- Attractive dark green colour
- Uniform blocky shape
- Slow bolting dense heads

Description

LITTLE DRAGON is an early maturing mini Wong Bok type with good colour and uniformity. The dense heads are approx 22-23x13cm in size, averaging 500-700g in weight, with blocky shape, dark green savoyed external leaf and good internal colour. LITTLE DRAGON is slow to bolt with good holding ability and has shown good tolerance to tipburn in plantings to date.

Cultural Notes: Size will increase depending on planting density. Suggested spacing for mini market is 20x30cm between plants.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. **SEPTEMBER 2020.** ACN 002 887 256
