

# Overland

**SOUTH PACIFIC SEEDS**  
SINCE 1986

## Crop

Broccoli

## Market Segment

Fresh Market

## Hybrid

Yes

## Features

- Good uniformity
- Good head weight
- Blue-green colour, non-purpling type
- Firm holding
- Later maturing

## Description

OVERLAND is a firm holding, cool season variety with good head weight and a blue-green colour bead. It is a later maturing Aurora type with better cold tolerance at maturity, low set dome-shaped heads and medium bead. OVERLAND shows good uniformity at maturity, is non-purpling and has good tolerance to Hollow Stem. There may be some blindness issues in certain cool-cold locations from a late winter/spring transplant.

*For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.*

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
