SOUTH PACIFIC SEEDS
SINCE 1986

Crop

Broccoli

Market Segment

Fresh Market

Hybrid

Yes

Features

- Good uniformity
- Good head weight
- Blue-green colour, non-purpling type
- Firm holding
- Later maturing

Description

OVERLAND is a firm holding, cool season variety with good head weight and a blue-green colour bead. It is a later maturing Aurora type with better cold tolerance at maturity, low set dome-shaped heads and medium bead. OVERLAND shows good uniformity at maturity, is non-purpling and has good tolerance to hollow stem. There may be some blindness issues in certain cool-cold locations from a late winter/spring transplant.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. **SEPTEMBER 2020.** ACN 002 887 256
