

# Paragon

**SOUTH PACIFIC SEEDS**  
SINCE 1986

## Crop

Onion

## Market Segment

Bunching

## Hybrid

No

## Features

- Market leading Straightleaf type
- High quality, even under adverse conditions
- Superior vigour in winter
- Dark blue-green leaves

## Description

PARAGON is a proven and superior Straightleaf type which has become the market leader across Australia. Vigorous dark blue-green leaves and long white stems remain high quality, even under adverse conditions. Suitable for year-round production in temperate climates with the advantage of it growing well through winter due to its superior vigour.

*For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.*

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
