

Portello

Crop

Cabbage

Market Segment

Fresh Market

Hybrid

Yes

Features

- Early-mid maturing red cabbage
- Very good holding ability
- Dense, globe-shaped heads
- Excellent uniformity
- Large frame

Description

PORTELLO is an attractive red cabbage with uniform, globe-shaped, heads and a large frame. It has shown very good holding ability in the field and uniformity of maturity with a nice internal red colour. PORTELLO produces large-sized dense heads and has shown very good results in both warm and cool seasons in all states, in plantings to date. It is not recommended for the spring bolting period. PORTELLO has excellent tipburn and disease tolerance and will suit fresh market production.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
