

Rioli

Crop

Lettuce

Market Segment

Multileaf - Coral Red

Hybrid

No

Disease Resistance

High Resistance: Bl:16-29, 31-33

Features

- Dark red Coral with a high leaf count
- Fine leaf attachment
- Good tipburn tolerance
- Medium - large head size
- Excellent uniformity

Description

RIOLI is an attractive dark red Coral with a glossy leaf, green internal and fine attachment. It produces a medium to large, uniform head and has a high leaf count. RIOLI shows very good uniformity in head size and leaf shape, produces a medium textured leaf and has shown very good tolerance to bolting and tipburn in plantings to date. It has resistance to Downy Mildew (Bl).

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
