

# Scorpion

## Crop

Chilli Hot

## Crop type

Birds Eye

## Hybrid

No

## Features

- Large size
- Extended harvest
- Excellent shelf life

## Description

SCORPION is a slightly tapered larger bullet-shaped Birds Eye chilli. SCORPION is very firm with bright red coloured fruits with excellent shelf life. SCORPION is harvested over an extended period with an average size of 40-45mm x 16-18mm. Average weight is approximately 4.8-5g on the lower branches of the plant and reducing to approximately 4g on the higher branches.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. SEPTEMBER 2020. ACN 002 887 256
