SOUTH PACIFIC SEEDS
SINCE 1986

Crop

Pak Choy

Market Segment

Green Stem

Hybrid

Yes

Features

- Hybrid green-stemmed pak choy
- Excellent quality and uniformity
- Suited for year-round bunching production
- Slow bolting
- Industry standard variety

Description

SUMO is the industry standard, Shanghai type hybrid, green-stemmed pak choy. SUMO is of excellent quality and has a glossy, dark green, oval-shaped, smooth leaf. It is a very slow bolting, uniform variety and is suitable for bunching all-year round. SUMO can be used in field production or hydroponics.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. SEPTEMBER 2020. ACN 002 887 256
