

# Sumo

**SOUTH PACIFIC SEEDS**  
SINCE 1986

## Crop

Pak Choy

## Market Segment

Green Stem

## Hybrid

Yes

## Features

- Hybrid green-stemmed pak choy
- Excellent quality and uniformity
- Suited for year-round bunching production
- Slow bolting
- Industry standard variety

## Description

SUMO is the industry standard, Shanghai type hybrid, green-stemmed pak choy. SUMO is of excellent quality and has a glossy, dark green, oval-shaped, smooth leaf. It is a very slow bolting, uniform variety and is suitable for bunching all-year round. SUMO can be used in field production or hydroponics.

*For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.*

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
