

Victor

Crop

Capsicum

Market Segment

Red Blocky

Hybrid

Yes

Disease Resistance

Intermediate resistance: Xspp: 1-4,7-9

Features

- Uniform large size
- Compact plant
- Excellent leaf cover

Description

VICTOR is a large blocky capsicum with excellent leaf coverage. VICTOR has a concentrated setting ability, and has shown excellent potential for harvest at either the green or red stage.

Cultural notes: Victor has shown some weather tolerance and resistance to splitting.

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. AUGUST 2023. ACN 002 887 256
