

Vitessa

Crop

Rocket

Market Segment

Babyleaf - Wild Rocket

Hybrid

No

Features

- Vigorous Wild rocket
- Thick, dark green leaf
- Very good uniformity
- Slow bolting
- Serrated leaf

Description

VITESSA is a very vigorous, dark green Wild rocket with good bolting tolerance and very good uniformity. It has a thick, serrated leaf with good shelf life, and a lighter green to white stem which is interesting in contrast to the leaf colour. VITESSA has an upright growth habit and produces a high yield and good colour for warm season harvest but can also be used in year-round production.
