

Vulcan

SOUTH PACIFIC SEEDS
SINCE 1986

Crop

Chilli Hot

Market Segment

Cayenne Red

Hybrid

Yes

Features

- Red Cayenne type
- Thick walls with good firmness at red
- Excellent colour and presentation
- Ideal size for punnet use

Description

VULCAN is a medium sized red cayenne type, with ideal size for punnet sales. Slightly shorter than Caysan, VULCAN has very good colour at both green and mature red stage. The fruit average approx 34-35g per fruit, with thick walls and excellent firmness at red. The plant is slightly more compact than that of Caysan but with very high overall yield production.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. NOVEMBER 2021. ACN 002 887 256
