

Pearl

Crop

Fennel

Market Segment

Large - Fresh Market

Hybrid

Yes

Features

- Large white bulb
- Tall frame
- Low core
- Good weight
- Autumn, winter and spring harvest

Description

PEARL produces a large white bulb and tall frame for harvest in late autumn, winter and spring. PEARL has good weight and has produced a low core in plantings to date, with good bolting tolerance.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location.
